What we are working on:

**Literacy:** This week our Shared Reading Book was All in Seven Days. We continue to work on our skill of summarizing. This is a very hard skill to learn.

**Math:** This week we continued our work on geometric shapes. This included: pentagons, hexagons, and octagons. Next week we will also be working on symmetry.

**Spelling:** This week focused on the suffixes: ly and ful. Next week we will work on the suffixes: less & able.

**Writing Workshop:** We continued our lessons this week on literary response. We read a story and then respond to a question that has been given. Next week we will begin talking about Book Reports.

**Science:** Plant vocabulary was big this week. Next week will conclude our unit on plants.
